11 May 2018

Dear Parent/Carer

From Monday 14 May we are introducing a new homework management system. All homework will now be set on the Class Charts platform.

All students have a unique access code, which has already been issued to them. Parents' logins have also been created and issued to your child on your behalf. Once you receive a code, you will need to create an account via this website <https://www.classcharts.com/parent/login>.

As with the last system we used, both students and yourselves can still access homework without a password by logging on to the Newman website and clicking the link to Class Charts on the home page. You can then filter via subject or year group to access the set work.

If you have more than one child in the school, you can enter additional codes once you have created an account and have logged in.

Please do not hesitate to get in touch if you have any questions.

Yours sincerely

*Jackie Brough*
